MYSORE PUBLIC WORKS DEPARTMENT,
CENTRAL OFFICE,
Dated Bangalore. 1st August 192 4.
24

FROM John Bhore, Esq., A.M.I.C.E.,
~~SXCXXDXXMXXKXXESQ~~,
Chief Engineer of Mysore, Bangalore.

To

K. V. Anantharaman, Esq., B.A.,
Secretary to Government, Revenue Department,
B A N G A L O R E.

SIR,

With reference to Government Order No.13-22/Dis. dated the 8th July 1924, requesting to furnish certain information in regard to Distress Relief Operations during 1923-24, I have the honor to report as follows:-

I. (1) As regards para 2 of the Government Order.- The total grant placed at the disposal of the Executive Engineer, Tumkur Division is (Rs.41,000 + 10,000 ordered to be passed in accounts) 51,000. The number of works started in this District is 86 and the outlay to end of June is Rs.50,255/-.

(2) In Kolar Division, the number of works started is 83 and the outlay to end of June is Rs.33,544/-.

Sc 255.
33 Secy
Rs 83,799.

II. As regards para 3 of the Government Order, the tank maintenance works which have been started in these two Districts for which nearly half the estimated amount has been expended upto end of June 1924, two copies of statements received from the Executive Engineers are herein enclosed for information. From these statements, it will be seen that the amount required for Tumkur Division is Rs.10,287/- and that for Kolar Division is Rs.19,898/-. As for Kolar Division, if the turfing work is done by the ryots themselves, then the cost of same, viz., Rs.12,281/- as estimated, may be deducted out of Rs.19,898/- and the balance 19,898 - 12,281 = 7,617 representing the amount required to complete earthwork will be

necessary. If on the other hand turfing work also is to be undertaken departmentally, then the full amount of Rs.20,000 will be required.

III. A copy of statement received from the Mysore Division, regarding the maintenance works in Nagamangala is attached.

2. The amounts required for maintenance works in all the Divisions were all granted by the Revenue Commissioner.

I have the honour to be,

S i r,

Your most obedient servant,

28.7.25

Chief Engineer of Mysore.

MYSORE PUBLIC WORKS DEPARTMENT,
CENTRAL OFFICE,

Camp - *Dated* ~~Bangalore~~ Shimoga, ...8th August.....192 4.

FROM John Bhore, Esq., A.M.I.C.E.,
~~EXCAVAMBIXEsqx~~
Chief Engineer of Mysore, Bangalore.

To

K.V.Anantharaman, Esq., B.A.,
Secretary to Government, Revenue Department,
Bangalore.

SIR,

In continuation of this office No.B.1799 dated the 4th August 1924, forwarding a report in connection with relief operations in the State, I have the honor to forward herewith a copy of letter No.335 dated the 5th August 1924, from the Executive Engineer, Kolar Division, and to request that, under the circumstances explained, you will be so good as to obtain early orders of Government re the execution of the remaining works.

I have the honour to be,

S i r,

Your most obedient servant,

8/8/24

Chief Engineer of Mysore.

HRR-2.

Letter No.338 dated the 5th August 1924, from the Executive Engineer, Kolar Division, to the Chief Engineer of Mysore, Bangalore

- - - - - - - - - - - - - - - - -

I have the honor to invite your kind reference to my No.312 dated the 25th July 1924, and requests whether works started for relief of distress in 23-24 may all be stopped and accounts closed and the temporary hands employed for the Distress relief works may be dispensed with.

2. As the amount of work remaining to be done to close the works after doing turfing is large and it may take time before turf is available for laying same on tank bund slopes and before this turfing takes root, it seems to me that the works will not be - - finished before the end of December next.

3. I therefore request that my proposal that the turfing work may be got done by the Revenue Department through the ryots themselves may be accepted for the reason stated by me in my reference quoted above. With this view, I am arranging that the Sub Divisional Officers to submit final bills before the 12th instant for all the tank maintenance works started for relief of distress whatever the stage of progress of any work may be.

4. Orders are solicited.
